Jubilee Celebrations

The village celebrations were a great success and thanks go to everyone who participated either by attending or donating decorations, food etc. Special thanks go to The Sandercock/Nash family for the beautiful celebration cakes and Jonathan

Lovie for his very artistic table decorations. These were presented by him at the end of the Jubilee Tea to three of the eldest residents in the village who attended the party.

Latest Information from BT

From Peter Taylor

“Latest from Marion Brailey at BT: - the cable for the renewal at North Bosent is due to be delivered 25/6/12, it is not a size we keep in stock hence the delay. Once it has arrived weather permitting it should take around a week to compete the changeover. My local engineer, Paul, has completed the other uplift work, he found a number of areas to make small improvements to so with the new cable I am hopeful we will be able to make a marked difference in the BB speeds. We have also negotiated with the landowners either side and reached an agreement to uplift those cable lengths, this however will be something we would look to do in September after they have lifted the crops. The compensation for the North Bosent work was a bit higher than I thought it would be and unless vital I wouldn't want to make more payments of this type”

Summer Coffee Mornings

As there is a village function for July and August it is a good idea that we do not have a coffee morning. Especially as they are busy months for us all. If anyone would like to hold one then please let me know and we can make sure everyone is aware. Thank you to Veronica and family for holding the afternoon tea in June. It is much appreciated that we have volunteers to hold these monthly events at their own expense.

Congratulations

To Pat Gordon, son Robert on being awarded a CBE in the Queens Birthday Honours List. He was also chosen as an Olympic Torch Carrier.

Herodsfoot Air Day

On July 11th at approximately 0900 Major S Gough will be leading his squadron of 5 Lynx AAC helicopters overhead en route to HMS Ocean for the Olympics. Weather permitting

for the Duck Race please contact Pete
Gough on 01579 320135**

The 5th Anniversary memory service for
Brian Pitts—“2Rocky Rombolla Night” will be
held at 7pm on the green. We hope to see a
few faces old and new. Ring Jackie Taylor for
details if needed on 01579 320147

Update on Church Bell and Repairs

The repairs to All Saints Bell and church tower are still on going. Work for the bell has been completed and it should be replaced shortly. Stonemason Ian Piper from Henwood has inspected the Bell Tower Arch where Bath Stone has been falling down. New stone is to be cut into the arch to render it safe. The necessary work has been passed by your PCC and will be done shortly. We are sorry for the inconvenience of having to go around the church to visit the graves but it was necessary for us to cordon off the west end for your safety.

Ian Gordon—Churchwarden
